Clarity testing services

Jackie Weickum, Senior Manager of Scheduling & Service (Extension 522), Cynthia Lorys, Administrative Manager of Drug & Alcohol Testing (Extension 296), and David Napolitano, Testing & Results Coordinator (Extension 328) are here to help with Clarity's wellness programs. These services include Asthma Screening, Blood Pressure Screening, Cholesterol Testing, Diabetes Testing, Flu Shots, and Vaccine Administration, in addition to OSHA and DOT compliance testing. Founded in 1995, Clarity Testing Services aims to provide high-quality onsite testing services for Federal DOT Drug and Alcohol Testing Regulations. To meet the growing demand for safety and testing services, Clarity developed mobile models for DOT Physicals, Respirator Medical Clearance, and more. The company also offers a range of background screening services. At Clarity, you have access to secure electronic reporting available 24/7 through any internet connection. Results are typically available within 24-48 hours, with phone, fax, and email reporting options as well. Your data is accessible whenever and wherever you need it. Healthcare workers face unique occupational health risks daily, including infectious diseases, needlestick injuries, musculoskeletal disorders, chemical hazards, slips and falls, workplace violence, and stress. Our latest blog breaks down these risks and provides strategies for mitigating them, helping keep your healthcare team safe, healthy, and focused on patient care. To learn more, read our May blog [Link to May Blog] #HealthcareSafety #OccupationalHealth #WorkplaceWellness #InjuryPrevention #EmployeeHealth #HealthcareRisks Does Clarity perform onsite drug and alcohol testing? Yes, we have the largest state-of-the-art mobile fleet available for on-site testing. Contact us to schedule. Can Clarity test on nights and/or weekends? Absolutely! We test 24 hours a day, 7 days a week, 365 days a year. In addition to our mobile units, do we have clinics or offices? Yes, we have two medical offices in New York: Tarrytown (150 White Plains Road, Suite 201) and Long Island City (45-10 Court Square). Can using CBD oil cause a positive drug test for marijuana? Yes, many CBD products can contain THC, which is what is tested for on urine specimens. While taking a drug test, can I leave the site before the test is completed? No, Must finish drug test and stay at facility until specimen collection is done. To see employee test results, log in to our secure portal through 'Test Results' on top right corner of clarity website. If lost Respirator Fit Test Card, contact corporate office for replacement. Onsite minimum for drug and alcohol testing varies; contact us for details. Clarity travels far - within New York, New Jersey, Connecticut, Pennsylvania metro areas, larger events in Mid Atlantic and Northeast. Eating poppy seed bagel won't affect your drug test. Legalization of marijuana affects positive tests but regulations differ; keep up to date or call for info. Oral fluid testing has benefits like ease of use, accuracy, shorter detection time for marijuana, and longer for heroin. Clarity offers urine, hair, saliva, instant, and other types of testing. Occupational physicals include OSHA screenings like HazMat, DOT Physicals, and firefighter exams. Download required forms for OSHA testing in English, Spanish, or Polish. Get turnkey DOT compliance solution with onsite test collections, data management, and online reporting. DOT Physicals available at Tarrytown location or through mobile service. Services include Consortium Third Party Administration, certified MRO, drug-free workplace policy development, and more. Contact Clarity for details on services and locations. Call for details from Clarity Testing Services. We provide medical evaluations to firefighters according to NFPA 1582 standards. Our team offers cardiac screenings and provides detailed examinations tailored to firefighters' needs. Clarity testing services have been exceptional, offering outstanding attention to detail and expertise in identifying potential issues. The team is highly responsive, professional, and delivers high-quality results consistently. Their thorough testing process has exceeded expectations, ensuring that all necessary bugs are found and fixed before release. With a strong focus on compliance with Federal DOT Drug and Alcohol Testing Regulations, Clarity provides a range of onsite services, including physicals, medical clearance exams, respirator fit testing, and corporate health screenings. The company's commitment to quality and reliability has earned them a reputation as a trusted provider in the industry.
