As you've probably noticed, the slang synonyms for "daddy-long-legs" are listed above. Note that due to the nature of the algorithm, some results returned by your query may only be concepts, ideas or words that are related to "daddy-long-legs" (perhaps tenuously). This is simply due to the way the search algorithm works. You might also have noticed that many of the synonyms or related slang words are racist/sexist/offensive/downright appalling - that's mostly thanks to the lovely community over at Urban Dictionary (not affiliated with Urban Thesaurus). Urban Thesaurus crawls the web and collects millions of different slang terms, many of which come from UD and turn out to be really terrible and insensitive (this is the nature of urban slang, I suppose). Hopefully the related words and synonyms for "daddy-long-legs" are a little tamer than average. The Urban Thesaurus was created by indexing millions of different slang terms which are defined on sites like Urban Dictionary. These indexes are then used to find usage correlations between slang terms. The official Urban Dictionary API is used to show the hover definitions. Note that this thesaurus is not in any way affiliated with Urban Dictionary. Due to the way the algorithm works, the thesaurus gives you mostly related slang words, rather than exact synonyms. The higher the terms are in the list, the more likely that they're relevant to the word or phrase that you searched for. The search algorithm handles phrases and strings of words quite well, so for example if you want words that are related to lol and rofl you can type in lol rofl and it should give you a pile of related slang terms. Or you might try boyfriend or girlfriend to get words that can mean either one of these (e.g. bae). Please also note that due to the nature of the internet (and especially UD), there will often be many terrible and offensive terms in the results. There is still lots of work to be done to get this slang thesaurus to give consistently good results, but I think it's at the stage where it could be useful to people, which is why I released it. Special thanks to the contributors of the open-source code that was used in this project: @krisk, @HubSpot, and @mongodb. The term "Daddy Longlegs" is a slang term that can refer to different things depending on the context and the location. In some regions, it is used to describe a type of spider with long legs, while in other areas it refers to a type of crane fly. However, in certain circles, "Daddy Longlegs" has taken on a more sinister meaning. In these contexts, "Daddy Longlegs" is used as a euphemism for a man who is attracted to young girls or women who are significantly younger than him. This term is often used by individuals who engage in such behavior or by those who condone it. The use of this term is highly offensive and derogatory towards both women and children. "Daddy Longlegs" is often associated with pedophilia, which is a serious criminal offense. Pedophiles are individuals who have a sexual attraction to children, and their actions can cause lifelong trauma and harm to their victims. Using slang terms like "Daddy Longlegs" to describe such behavior minimizes the severity of the crime and contributes to a culture that normalizes and excuses predatory behavior. It is crucial to recognize the harm caused by using such language and to condemn any form of sexual exploitation or abuse. Instead, we should work towards creating a society where individuals are held accountable for their actions and where children and vulnerable individuals are protected from harm. In conclusion, the term "Daddy Longlegs" is a highly offensive and derogatory term that is often used to describe pedophilic behavior. It is crucial to recognize the harm caused by such language and to work towards creating a safer and more just society for all individuals. What most people think of as a daddy longlegs is actually called a crane fly. Spiders like daddy longlegs are most common in summer, especially during hot summers when there are a lot of insects about. by Stormsworder April 16, 2007 Get the daddy longlegs mug. Daddy Longlegs are, despite popular belief, insects, not spiders due to the fact that they have 6 legs rather than 8. They have a single-section podlike body (whereas spiders have 3 sections of their bodies) and very long, thin, spindly legs that when pulled off, still move for a bit. They are commonly seen in backyards or unfinished basements. by Toki Wartooth7 August 23, 2008 Get the Daddy Longlegs mug. Get the Chan Daddy longlegs mug.
