Meet, a Punjabi boy who lives at Vancouver has a passion for adventure. He lives along with his rich parents, and enjoys the fast paced liberal life of Canada, replete with his father's riches. So many Punjabis are living in Canada that it will not be entirely wrong to call it another Punjab, outside Punjab. And our film deals with a love story that extends from one Punjab and goes up to the another. MEET, a Punjabi boy who lives at Vancouver is a total fun loving chap. Adventure is his second name. High speed bikes, racing cars, under water scuba diving, ice hockey, wild life photography and what not, you name any adventure and MEET is there to rock. He lives along with his Dad who owns berry-farms and his Mom who is into creative product designing business?. He is just an adventurous brat of his highly sophisticated Canadian family. Now lets see our girl Rajjo?.. Rajjo is from Amritsar. She is a girl of principles, whose Dad Sardar Wariyam Singh has got stern belief in her morality. Family values & cultural priorities are very close to her heart. Come what may, she will never act in a way that will embarrass her family. A cute girl of her open hearted Punjabi family she is. What happens when MEET and Rajjo, from entirely different worlds come together?!! And fate brings them together for the first time in a punjabi wedding. Sophistication of Canada openly welcomes the openness of Punjab but in a mischeivous way.. MEET, who never thinks twice before saying ?I LOVE YOU? to a girl. Now meets Rajjo, for whom saying ?I LOVE YOU? will be the biggest moment of her life. We progress our screenplay through the colourfull shaadi ka mahool. As everything was going in a merry way, tale takes a sudden turn when Meet & Rajjo face a problem that they never ever expected to happen? And at this interval point, they got separated? But destiny has something else to offer?.. Meet is not ready to surrender in front of the fate?he will not let his love slip away in front of his eyes? And in his topsy-turvy ride of bringing the sophistication of Canada & openness of Punjab together,,how he eventually manages to win his Rajjo?.is the crux of our screenplay?.where both of them just cant help asking each other?.. TERA MERA KI RISHTA?? Canada-based Meet, along with his pushy mom, Natasha, travel to Punjab, India, in order to attend the wedding of his cousin, Harman Kaur. It is here he rather dramatically meets with Harman's friend, Rajjo, who lives with her widowed father, Gurniyal Singh. After a few misunderstandings both fall in love with each other - little knowing that Natasha has plans to get her son married to another girl by the name of Honey.
