Garena Free Fire is one of the most popular survival shooter game available on mobile. It is a Battle Royale game similar to PUBG Mobile and PUBG Mobile Lite. However, Free Fire is a quick game where each round takes about 10-minutes. You can join, dump, and quickly jump onto another match without waiting. The game sets you on a lonely island with 49 other players who are all trying to survive. With their parachute, players may pick their starting place and try to stay in the safe zone for as long as possible. Explore the enormous terrain by driving vehicles, hiding in the wild, or being invisible by prone beneath grass or rifts. There is just one goal: to survive and answer the call of duty. Ambush, snipe, and survival are all options. Garena Free Fire Max, on the other hand is a sequel to the same game released specifically for India. It is only available for Android users. Here, download and install Garena Free Fire APK original as well as Free Fire Max APK and OBB files. Free Fire Features: [Survival shooter in its original form] Search for weapons, stay in the play zone, loot your enemies and become the last man standing. Along the way, go for legendary airdrops while avoiding airstrikes to gain that little edge against other players. [10 minutes, 50 players, epic survival goodness awaits] Fast and Lite gameplay - Within 10 minutes, a new survivor will emerge. Will you go beyond the call of duty and be the one under the shining lite? [4-man squad, with in-game voice chat] Create squads of up to 4 players and establish communication with your squad at the very first moment. Answer the call of duty and lead your friends to victory and be the last team standing at the apex. [Clash Squad] Fast paced 4v4 game mode is now open 24/7! Manage your economy, purchase weapons, and defeat the enemy squad! [Realistic and smooth graphics] Easy to use controls and smooth graphics promises the best survival experience you will find on mobile to help you immortalize your name among the legends. Unfortunately, the game was banned by the Government of India due to security and privacy reasons. However, you can still play the game as the servers are still live. Here, download the latest Garena Free Fire APK and OBB files for the new version Illuminate 1.69.1. You can also try the newer sequel Garena Free Fire Max. You can also install Free Fire on PC using emulators like BlueStacks or use the Windows Subsystem for Android (WSA) in Windows 11 and install the following APK file and start playing on your PC! Download Garena Free Fire Illuminate APK + OBB files The latest Free Fire Illuminate APK v1.69.1 is now available for download directly from the Play Store and as standalone APK as well. GTA 5 FOR PPSPP Grand Theft Auto V is an open world, action-adventure video game that was first released on "17 September 2013" for the PlayStation 3 and Xbox 360. It was re-released for the PlayStation 4 and Xbox One on 18 November 2014, and for Microsoft Windows on "14 April 2015". The visuals "Fantastic", considering them an improvement over the previous versions of the game. Best game of 2013 and definitely the best game of 2015 on PC! Finally they released it, god it was so long time to wait People. It is a good game. Because, the developers want to test the game for the bugs, errors and to know what they can add more or exclude. Android users from the other countries will get it soon in the Play Store of their android mobiles. Yet, the good news is that it is available on our website which is the Mod version of it. The best thing about this mod version is that you can get access to locked features, money and other resources. This time Activision has teamed up with the Tencent Games to create its best ever game Call of Duty Mobile version. Tencent has got so much fame when it released the PUBG for androids which have realistic graphics and gameplay. Therefore, you are going to witness the amazing high-quality graphics in Call of Duty Mobile Apk too. I have played this game on my phone and trust me that this is going to take over the supremacy of PUBG soon. Details of APK Name Call of Duty Mobile Mod Version 1.0.32 Size 95.45 MB Developer Activision Publishing, Inc. Package Name com.codemobile.modPrice Free Required Android 5.1 and Up Category Games - Action Call of Duty Mobile Mod Apk So the major focus of today's post is the Mod Apk of Call of Duty App for Android. Here below I will have shared some of the basic features or game resources that you are going to unlock and use on your mobiles. Such are the following. Unlock iconic Characters Advanced weapons Outfits Scorestreaks Much more Gameplay It is an online multiplayer game. So in this paragraph, I will be going to tell you about the game modes, maps and the gameplay of the whole application. Game Modes Let's start with the game modes that you are going to play in. As I told earlier that it is a call of duty beta version therefore currently only one mode available for the users and that is Multiplayer. So these below following are the ones which are currently not available but, very soon you are going to have them on your phones. Such are the following. Whereas in Multiplayer gameplay there furthermore option you have which include. Frontline Team Deathmatch Search and Destroy Search and Destroy Casual Domination Hardpoint Free-For-All Maps Unlike PUBG Mobile, Call of Duty for Android mobile has a lot to offer to its fans. Because it has more than 5 maps whereas PUBGs has only three. So, you are going to play these following maps. Random Kill house Crash Hacked Nuke Town Standoff Cross Fire Firing Range Raid Game Controlling If you are a gaming lover, then you are probably well aware of the PUBG and its controlling. So the Call of Duty for Mobile phones has the same controlling buttons placed in the same way but they are so much convenient. Further, I don't need to share information about the game-interface or layout, because it is almost the same as PUBG. But the one thing that makes it little unique is that it has more improved graphics. Moreover, you don't need to find weapons and other things as you carry them automatically when you get in to fight. Prizes You play with friends by inviting them to join your team further you can also create your clans. By playing the game with your clan member you can win points which allows you to unlock more feature. You can win prizes, outfits, iconic characters like Soap MacTavish and Captain Price or much more. Features There are countless features in Call of Duty Mobile Mod Apk, but one cannot randomly share all those in one article. Therefore, you will come to know about its landscapes when you play it on your mobiles. However, I have shared some basic features of the app right in this section which will help you to imagine what you are going to have. It is a head-to-head free shooting game for androids. You can get paid features by using the in-app purchases. There are multiple game modes. You can have up to 5 or more realistic maps. You can get your favourite characters like MacTavish. Smooth controlling just like Pleyer's unknown battleground. Amazing layout and user-friendly interface. You can quickly customize your characters, outfits and other things. Highly advanced weapons that you have never even witnessed in the PC version. There are much more going to be added soon. How to Get Call of Duty Mobile Apk? So it is not a gaming application for which you don't need to go into any complex procedure for using it. The only thing that you need to do is that just get the Call of Duty Mod Apk download for your Android and install it. How to Play Call of Duty Mobile Game? Playing the game in Pre-register period is a bit tricky, so for that, you need to download the Mod Apk, OBB and then Jet VPN. Later install these all apps on your devices to proceed to further processes. Now as you have the game apk and obb simply install the game apk with obb. After the installation simply opens Jet VPN and connect to the Indian server. Once it connects to the server then simply start the game, and it will work fine. How to Fix "connect error or Connection Terminated Problem in the Game: If you are facing any kind of problem, then you have to download a VPN known as Jet VPN. So, after that just follow the steps mentioned in the video below. How to Download Call of Duty Mobile Apk Data? In the above paragraph, I shared the information about how you can get the app from the Play store. But in this section, I will tell you how you can download the application from our website. So, follow the below steps one by one. Go to end of this page. There is a button with this name "DOWNLOAD APK". Now tap on that button. Select the folder or location where you want to download the game. Then press the "Download" option. Wait for a few minutes as the Apk file size is huge and it will take time to complete. Now you are done. How to Install Call of Duty Mobile Apk Data? There is no rocket science in installing any application on Androids. It is a simple process and there are two main ways to install the apps on your phone. First, you can install the Apps and games directly from the official App store of Google where you don't need any manual process. But the second method is quite different in which you first download Apks from third party sources like ours and then you install those on your phone. Therefore, I have shared the process of Apk installation from third party sources. So, follow the given instructions. First, get the Apk file of App from our website. Then go to settings of your phone. Select the Security option. Now enable the "Unknown Sources" option as this option will allow you to install Apks from third party sources. Back to the home screen. Open the File Explorer. Find the folder where you have downloaded the Apk file. When you find the file tap on it. It will show you the "install" option. Press install option. Press install option. Wait for 5 to 10 seconds. Now you are done. Basic Requirements Although, the game is in the Beta form so that is why there are no major requirements mentioned. But there are some essential requirements that you must have. These are the following basic requirements. You need to have Android 5.1 devices or even more than that which supports high-end graphics gaming applications (you need internet connection either on 3G, 4G or faster WIFI connection. RAM capacity must be 2GB or more than that. It is compatible with both rooted and non-rooted devices. Conclusion I think this recent release of Call of Duty Mobile beta 2019 has the ability to take over the fame of Fortnite Mobile and PUBG. Because, it has better graphics, smooth controlling, faster, user-friendly interface and much more. I have played it on my Android phone which has 6.1 version Jolly Bean OS and I found it quite faster than the Fortnite Mobile. Therefore, I recommend you to download it and enjoy it in your leisure time. If you are not from the respective countries where the App has been launched, then I recommend you to download the Call of Duty Mobile Mod Apk from our website. That how you will get the earlier access to this tremendous gaming application. FAQs Q 1. What is Call of Duty? Ans.
