Fernandez hospital unit 4 lab reports

ESS FSS BSW B

I got other scans in other hospitals where they recommended drinking more water before scanning that it faces scanning, but here they pushed us to urinate before scanning and that made it very difficult to get scanned and even if it is not clear they continued to do a lot hard. I wasted all my day here, due to a bad service I have to take a leave from my job and visit another gynec. They will not give value to our time. Horrible experience. He would have given 0 stars but no option. The worst experience I faced during my scan. The relationship is completely different and what the doctor said is different, while I asked the same through the call they disconnected the call and no answer at all Dr. Jayashree, pediatrician not He was wearing mask correctly, and taking his nose and touching our baby until I warned her. The behavior of him arrogant with us who entered the scanning room left us the shocked shell. I requested a lot but no use. And finally my scan was made from 3 another Dr one per one. We had to wait two hours to get to the scanning room. I took an appointment before two weeks. The day of my appointment I reached in time than their program, but I waited for 2h from a given time I really got irritated with their service. Horrible experience. Pray to pass this 9 months soon. I was waiting for the relationship and thought you left the hospital. No use of their qualification bad experience in the hospital. Now one day we are not getting a scan appointment in time. We receive a call this is the fifth time I should call N Fix my timing appointment. Very bad experience from Fernandez from a hospital so big my number MR 336011. Worse I've ever had, better not to come. 2 and the doctor has achieved normal results while 3 third doctor said it is the same first. When I asked for SuSeela Mam said said sarA scan done by her. don't waste your time money and peace visiting this hospital. worse hospital hospital security worse, there's no car parking They have no minimum Commanscenc to talk to the public No respect of time. Dr. Geetha from Unit 4 is the most rude doctor I've ever seen. He had a bad experience in 4 today. It pretended to be a corporate hospital, but it served as a government hospital. Such a waste of highly qualified people when arrogance selfish nature prevail over you. I'm wasting getting dates. Government hospitals are much better. Junior doctors doing patient experiments. Excellent maternity hospital In Hyderabad, I highly recommend this hospital. They tried to complete it in 1 attempt and made my pelvic zone to pain from then. even after 2 days of scanning I am having pain where I can not even bend and move. I really do not know the condition of the child inside. but basic instructions according to the type of scanning must be provided to staff outside the scanning room as we are new to different type of scans we just follow the instructions of the staff. They will certainly lose many of their customers because of this. I scanned NT Iä 8 September 2020, in unit 4 from Dr. Arthi Singh, but I had a bad experience after scan. She scanned for almost 45 minutes, but pressing very hard the probe on the pelvic zone. They will repeat all this over again and again and simply say that we are sorry that we will rectify the problem as soon as you decide to opt for this hospital for their service, they will divorce you from your wife. There's no proper management and treat you as if they are doing a free service and at the same time it charges please urge you to opt for other hospitals that. Each will different. No adequate response willingly makes us sit for hours. Very, very expensive. There's no need for appointments. Our enthusiasm to see the child during the TIFFA A scanning has already gone! for unloading because it's arrogant arrogant arrogant aut al ehc itarucissa. -Al ottaf iah of osac rep eS. orteiidn eranrot iop e imoinsnac el eraf orebbervod e itunim 03 rep ideip a erinev orebbervod atnicni eilgom aim al e oi arolla. atnuklugoB a -Al otua aim al eraiggehcrap iervod ehc ihcificngis ehc odom ni atnuklugoB Ätinu'nu Ä osac oim len ehc Ätinu'len otua' eraiggehcrap id edelhc iM azerucis al e' op nu oiggehcrap nu onemmen onnarinrof it non am ,etavele ehicrac noc oirotarobal oiropd lad otlovs tset li ottut onoiogov ,et ad asoc ingo onnaredeihC .avirra onrut orol li odnauq a onif ero onassnetta etnicni ennod el ehc onattepsa ehc itnematnuppa iout ien odratir Äc .atpepsir it non erottod li acitetap azneirepse'L .enoinsnac al erigese a olleuq are ugudU ahtaniV .rD .atitnarag Ä avisselpmoc azneirepse alleh anu e elaidroc .etneizap la otatneiro .elaicremmoc non elanosrep li .otarucissa otser li e Ätinretam al rep zednanreF ereilgecs atsaB .acitsioje de etnagorra arutan aus alla eizarg otsoppo elatot otats Ä .eladeppo otseuq odnatisiv oraned e opmet id ocerps am eladeppo otseuq otatisiv omaibba ehc amaf alled asuac a .otatnorffa iam aibba ehc eroiggep oizivreS .itunim 02 Äip rep inretse itutepir e otigues ni inretni irosivelet ied enoisnacs al ottaf onnaH .ovoun id enoisnacs al erigese rep asuap anu erednerp e auqca ereb id otireggus onisrep onnah non Ä .ilbinopsis itnematnuppa onare'c non otanauq ni emioH kritS- aizitS- aznelusnoc iÄ eladeppo elamron ortson li aicnal ehc atitT ni enoisnacs al rep 4 ÄtinU'U osserp otnematnuppa erednerp otuvod oH .eladeppo'1 odnatsca e ossergrni'lad ero 5 id Ä edneps onu ehc opmet id Ättinauq al .acite aut al ortnoc ehc irrottd ies .onussen id noizome el noc ersacoig non .otuciserec etnemelpmoc onibmab out li erodev id ecilef eresse de .Arecaip ic ehc erottod lad itamrofni itats omais'AFFIT rep enoisnacs allen odnartE .otalocireps otneimaiggetta e It is not performed by Dr. Vinatha Udugu. I don't know that this pain is just for the skin or even included in the child. She has had a great birth experience. I don't suggest anyone going there. What is the reason to book an appointment before. They highest amount for scanning across the city of Hyderabad and still provide this kind of service. I went there for the good evaluation. Every time we need to spend at least 3 hours. The problem with what I went was not recognized, mismanagement. I hope someone likes it. Doctors suggested some tests during pregnancy for my wife, but they only did one test excluding thyroid tests. irresponsible and arrogant staff focus more! on money cards crawling for Bill and make ups. my facial that we chose this hospital. donä t know where or who to intensify such problems guys please suggest on escalation of Fernandez Hospital group Today I experienced worse. StarÄ Struggling in alone with long hours without any help and we are forced to look for a parking lot. To add to the dismay, the session was not interactive, we expected the doctor to indicate each organ and what did not happen at all. Today we arrived at 8.30 in the morning and they called us 3 times for the scan and at 2.45 they too did not finish. Hospital has good facilities, clean environment and comfortable stay Worst hospital too many hidden charges playing games know that parents are busy never answer back when asked details in bills make some excuses and never do anything properly. I waited a month to get the scan done by my Dr. Suseela and traveled 200 kms. when I reached IÄY they said that my scan will be done by another doctor. The direction can't use the lakhs of quantity They receive daily and increase the number of scanning chambers and respect the time of patients. I would never suggest that anyone visit this place. But the doctor couldn't talk to me for two minutes. Unit 4 Ä basically for scanning and staff very slow and almost Äig Äig itneizap i noc etnemlanosrep öbic erednerp a eradna orovocir li erednerp id amirp eladeppo ni erazzaz epport .enoinsnac alla isropotos rep ero 2 id Äip erattepsa onoved itneizap i recommend to anyone WORSE PLACE NOT TO TRUST! Worse experience with too expensive hospital without quality-price ratio after 9 days also we did not receive our blood reports. Experienced doctors and staff. Every time they ask us to wait, they'll pick up a new patient. Looks like they wanted to test people's patience. No proper response from their end will simply tell us to wait. Really disappointed. I thank FH once again for making us feel secure in such vulnerable times. You the waste of our time. better go to the government hospital. You a waste of time and money going there. I wouldn't recommend scanning your drive 4 of Fernandez. They need your money they need your time they need everything, but they don't even want you in clubs there. Ä Ä Top-Rated. online People often mention understanding, free, appointments, child, visit, how many, expected, pregnant, Doctors, months, care, safety, report, correct, asked, respect, suggest, check, parking, advise, eyes, retina, treatment, management, call, people, Hospital, charge, waste, test, worse, waiting, unitÄ , treatment, Worse, problem, visit, hospitals, money, appointment, place, hours, service, scan, surgery, doctors, patients, good, experience, doctor, scan, staff, time, hospital, Ä .Ä lissuHospital of MaternitÄ , Hospital Ä ÄÄ ÄÄ Ä 00:00-24:00 FH helped me deliver healthy twins after 10 years of waiting. The experience with Fernandez Ä was wonderful, all the staff Ä cosY is good towards their patients and especially in covid time hospital took maximum care about hygiene and precautions to stop the spread of any type of infection or virus. Amazingly impressive service. They make money for all the unnecessary tests. I didn't expect it from a doctor than from a The interns were taking history and other things, the real gynec (doctor) came for just 2 minutes. For advertising that Fernandez Fernandez hospitals given. Even when we tried to ask which Organs was running the scan we would rarely reply that it did not help at all. Worst hospital. Dr. Was not even communicative with me even after asking what was happening that the baby is not giving the clear picture for this long time. He's calm and serious. Fernandez Hospitals are one of the best hospitals in town. I waited for 5 hours. Worse service from doctors. But the waiting time will be more that needs to be reduced from which everything is better at the hospital. Hospital.
