Tokyo, Japan - April 23, 2021 - A PLUS JAPAN is launching its RPG My Hero Academia: The Strongest Hero on mobile devices in Europe (excluding UK, Ireland and Scandinavia), Central Asia and Sub-Saharan Africa, and Turkey next May. The iOS version is already available for pre-order here. Google Play pre-registration will also be available soon on the game's official website. My Hero Academia: The Strongest Hero Game Trailer Pre-registration of the game here: For those who want to pre-register: Why choose the game? This free adventure immerses you in Kohei Horikoshi's popular anime series based on the Shōnen Jump manga. Travel through a 3D adaptation of the city where you can play as iconic characters such as Midoriya, Bakugo, Todoroki and Uraraka. Choose three characters to form your team and go on a quest alone or with friends. Each character has their own quirks and you can change them at any time. Train, upgrade, equip and even feed them to create the strongest units. Starring the same cast as the animated series, My Hero Academia: The Most Powerful Hero allows players to relive the saga's most iconic moments as well as a number of original new stories. Complete professional hero missions, from protecting people to arresting criminals! Become a symbol of peace for a busy city! It's a living world with daily quests, login rewards, special stages, boss battles and new characters added regularly. Join syndicates and build Create an impromptu hero agency and decorate dormitories in Alliance Heights! You don't have to fight alone either. Find other players in the open world to start a conversation, send emoticons and make new friends. And if you're feeling extra competitive, you can challenge your opponents in one-on-one battles in a live PvP arena. About My Hero Academia: My Hero Academia is a Japanese manga series written and illustrated by Kōhei Horikoshi. It tells the story of Midoriya, a boy who was born without superpowers in a world where everyone has them. Japan's greatest hero, All Might, chooses this unlikely candidate to be his successor and enrolls him in a prestigious academy for aspiring heroes. Since its release in 2014, My Hero Academia has sold over 50 million copies worldwide and spawned the popular anime series Bones, which debuted in 2016 and spawned three other feature films, and the fifth season will be released in 2021. About A PLUS JAPAN INC. PLUS JAPAN INC. specializes in creating and publishing mobile games based on Japanese animation. She has built strong long-term partnerships with multiple anime brands and broadcast/distribution channels. In an effort to "entertain the world," A PLUS JAPAN INC. continues to release exciting anime games for gamers around the world. Softonic My Hero Academia: The Strongest Hero is an immersive RPG developed by Sony Pictures Television. As the name suggests, this mobile game will immerse fans in the universe of the popular anime and manga directed by Kouhei Horikoshi. Here you can control the most famous characters including Midoriya, Bakugou, Todoroki and Uraraka. Unlike other games based on the series, My Hero Academia: The Strongest Hero is an MMORPG. According to the story, there will be missions that you must complete in order to advance. In addition, you have the opportunity to interact with players from all over the world. Become the Greatest Hero The strongest hero allows players to survive their dream is to become a hero in the MHA universe. As already mentioned, in the game you control some of your favorite characters and take on the role of a future hero. You can freely move around the city of Musutafu, completing missions given by the Yu.A. Academy. In these missions you have to defeat many villains. The game's combat controls are reminiscent of games like Naruto: Slugfest and One Piece: Bounty Rush. You can use the virtual joystick on the left to move around and use the right buttons to attack. As in the anime series, each of the characters has their own distinctive moves. While doing this, you can use the legendary Detroit Kick Deku or Bakugo Howitzer Burst to defeat the villain. Each completed mission will provide you with resources and items that you can use to upgrade your character's abilities. In addition, the game had a recruitment system so that other characters could be recruited. You can use up to three characters and switch between them at any time. There is also a live PVP arena where you can compete with other players. In addition, you can team up to create your own makeshift hero agency. Come on, just like ultra! All in all, My Hero Academia: The Strongest Hero is a fantastic anime game that fans will enjoy. The game offers many modes that allow you to fulfill the hero's dreams by interacting with other fans like you. It features the original anime dub and impressive graphics that will make you feel like you are playing the series. It's a bit resource-hungry, but understandable as it has a lot of content. contents.
