I shared it with family members & they loved it! I'm telling everyone I know to download it. We couldn't be more proud thanks to you, She's 4 & the wonder on her face as she was talking to Santa was priceless! It's not a live discussion, but so perfectly done that it feels real.You can choose between the British & American Santa. Santa is always at your fingertips." Hot 107.9" He wasn't listening to me so I asked him if he wanted me to call Santa. Because the app was developed by Google, you can feel confident knowing that it will work seamlessly with smartwatch devices, too.CC0/StockSnap/Pixabay Stopwatch Timer (Windows)Stopwatch Timer for Windows devices is an easy-to-use stopwatch app with a minimalist design. The display has several circles on the main screen that you can customize to different timers and stopwatches. Thank you again and hope you and your folks stay safe and sound! It's fun and I am not complaining but one flaw is it doesn't seem to respond to your children's answers. CC0/yellowcat/Pixabay Timer (Android)Timer has a clean, simple look and is easy to use. However, there isn't enough time in between questions for my child to think about their answer and respond. You can start and stop the stopwatch or timer clock countdown without having to open the app.CC BY-SA 2.0/Ritesh Man Tamrakar/Flickr Tabata Stopwatch Pro (Android, iOS)Tabata Stopwatch Pro was designed with HIIT in mind. It is a fantastic idea but would be even better if the responses could be slightly tailored to your child's answers. This app is optimized for use with Apple Watch, making it easy to use during exercise.CC0/fancyrave1/Pixabay Intervals (iOS)Intervals is a timer designed specifically for interval workouts. Those who want more features can upgrade to the paid version. I'll be buying the upgrades for sure, but it's nice that you offer a wonderful free version too. Thanks, Santa!" Southshore Moms"iPhone users can get their own video call from Santa with the help of the Video Call Santa app." Good Housekeeping" A great tool to have in your back pocket when the little one begins to act up. I think there should be a setting where we can adjust that. My child would love to feel like they're actually having a conversation with Santa about other things going on in their life other than just what they want for Christmas. However, those looking for an easy-to-use stopwatch app that is a step above the basic offering should check out these 10 picks.Timeglass (iOS)Timeglass is one of the top rated apps for Apple devices. Nevertheless, the kids loved it and it's a fun thing to do for sure! I'd recommend! We love using this app to FaceTime Santa with our 5 year old. It has a basic setup for people who are new to HIIT training, but is customizable for more advanced athletes with specific workout needs.CC0/tacofleur/Pixabay Google Clock (Android)Google Clock is perhaps the easiest stopwatch to use on Android devices. Unlike the above-mentioned app, you control this app using your Apple Watch, though it runs simultaneously on your iPhone. Additionally, set single-use and repeat timers for other activities.CC0/stephb/Pixabay Stopwatch Timer for Android is designed for one-handed operation, so you can easily control it during a workout or other activities. The latest version contains minor bug fixes.8Ho ho ho! The original Video Call Santa is back for Christmas 2021! 5 New Episodes 380+ New Names from your requests Performance improvements Bug fixes This is absolutely genius! It's a free app, but I gladly paid the 99c to buy my Granddaughters name. Also, it would be cool if we were able to put into the settings our child's interests (science, art, animals, etc) so that there would be more than just the simple "Hi, bye, what do you want for Christmas?" conversation. You get to choose the color and sound themes to customize the app to your preferences. We've been using it for the last 3 seasons. After the call you can go back under the parents side & you'll find the video. ... He knows who I am. Video Call Santa lets your kids chat with Santa on your iPhone, and you can save a video of the conversation."
