It's a MOBA where you control different Shikigami to fight against other players in fierce online battles. In Onmyoji Arena, you'll find incredible production capabilities and beautiful graphics to portray each of the game's characters through various pieces of Japanese folklore. Each also has its own play profile with typical genre standards such as tanks, healers and DPS. As you play you will unlock even more items. In terms of gameplay, you can compete in different arenas with the familiar tower and destruction management system around the map. Besides the classic 5v5 mode, you can also take part in the original 3v3v3 mode, in which three teams must try to take over the central area of the map. Progression in Onmyoji is based on winning battles to get resources to level up each character and increase their skills. With new characters being unlocked over time and rotating in many cases, you're sure to have a good time. Reviewed by Andrés López. Translated by Uptodown's localization team. Requires Android 4.0 or higher. For many players, Kani Hime is the best character in the Onmyoji arena. This warrior uses her crab claws to launch targeted attacks that will keep you one step ahead of your enemies. The file size of Onmyoji Arena APK for Android is 2.38 GB. It's worth noting that the Uptodown download is in XAPK format, so it includes the required OBB file to complete the installation. Shikigami Onmyoji is a term used in Arena to refer to all creatures summoned by each of the game's mages. There is a long list of characters that you will gradually discover. Yes, you can check out several Onmyoji Arena leaderboards on different subreddits. This will help you learn which characters in the game are the best at dealing more damage to enemies at any given time. 3.114.0 August 29, 2022 3.109.0 April 16, 2022 3.107.0 April 8, 2022 3.106.0 February 10, 2022 3.105.0 now available January 27, 24, 2022 Note. Clash Mini is a strategy game in which you can take part in battles with famous characters from the Clash universe. However, in this title you will find miniature versions of the warriors that you can place on the screen around the grid. In Clash Mini you have to place all your team members strategically to face your rivals. You must create balanced offensive and defensive lines to deal as much damage as possible to the enemy squadron each turn. After marking the positions of the little warriors, tap the battle button and see if the chosen strategy is effective. With Clash Mini graphics, you can follow every battle in 3D from top to bottom. In portrait orientation, unlocked characters are always available at the bottom of the screen. This way you can always adjust your strategies to deal as much damage as possible to your opponents each round. Additionally, as you play, you'll acquire new resources and attacks to use in each level. Clash Mini presents the essence of the Supercell Clash universe, but with different character representations. With their miniature appearance, you'll need to place these cute characters on the board wisely to win every battle. If you're lucky, you can defeat players from all over the world by strengthening your team of heroes. Review: Carlos Martínez Uptodown Localization Team Clash Mini was released on April 6, 2021.
