John Fitzgerald Kennedy was born in Brookline, Massachusetts, on 29th May, 1917. He joined the United States Navy in 1941 and became an intelligence officer. John Kennedy suffered a bad back injury and in December 1943 was sent back to the United States. After a further operation on his back he returned to civilian life, and for the next twelve months he worked as a journalist covering the United Nations Conference in San Francisco (Simkin, par. 1). A member of the Democratic Party, Kennedy won election to the House of Representatives in 1946. Kennedy entered the Presidential race in 1960, and presented his inaugural address in 1961 (Simkin, par. 2). On November 22, 1963, President John F. Kennedy was slain by an assassin's bullets as his convoy coiled through Dallas, Texas (Korte, par. 2). A pilot car and several motorcycles rode ahead of the presidential limousine. Kennedy rode with his wife and the head of secret service. The next car carried as many as eight secret service agents and was followed by a car carrying Lyndon B. Simkin writes about Kennedy’s political career and how it began with his grandfathers and father. He goes on to say how Kennedy acquired an interest in foreign policy after suffering a back injury during the Second World War in 1943. Simkin includes the book, Profiles in Courage, Kennedy wrote while in the hospital recovering from back surgery. He thoroughly explicates Kennedy’s presidency and all excursions involved. Simkin concludes by discussing every aspect of the assassination of the president.
