

# Deaf Like Me by Thomas S. Spradley and James P. Spradley

The screenshot shows the EssayPro website homepage. At the top, there is a navigation bar with the EssayPro logo, links for 'How To Order', 'Reviews', 'About Us', and 'Write My Essay', and user options for 'DBA: EPRO', 'Log In', and 'Sign Up'. The main banner features a student sleeping at a desk with the text 'WRITING SERVICE AT YOUR CONVENIENCE' and 'You - Send us your homework We - Do it all for you'. A 'Write My Essay!' button is present. A 'Calculate the price' widget is overlaid on the right, showing options for 'Writing', 'Rewriting', and 'Editing', with 'Writing' selected. It also shows 'Essay (any type)', 'College', '2 weeks', '1 page / 275 words', and 'Double spaces' selected, resulting in a price of '\$11.4'. A 'Write My Paper' button is at the bottom of the calculator. Below the banner, there are three rating sections: 'EssayPro Reviews' with a 4.9 rating, 'ResellerRatings' with a 4.9 rating, and 'Sitejabber' with a 4.8 rating.

Have you ever felt like there was nothing that you can do for your child? In this book, *Deaf Like Me*, by Thomas S. Spradley and James P. Spradley, I can see the journey that Lynn's parents took to get her help. (Spradley & Spradley, 1978). This book was an excellent read. I really liked the way that they described the ways they tried to help Lynn to understand the world around her. The book, is a great asset for any family that might be unexpectedly put into a situation that they know nothing about such as a deaf child. The author Thomas S. Spadley is Lynn's father. He is the one that was with them all the time and saw all that his wife Louise tried for their daughter to understand them. The greatest qualification for him to write this book is that he is Lynn's father. A father's perspective is great throughout this book, as the reader I can see the intensity of what the family is going through. Since he is a math professor, and does not have a lot of knowledge in English and time, through the whole book he skips around with what they did and when. Later, on in the book that James P. Spradely, Lynn's uncle also got involved and helped write the book. James P. Spradely, Lynn's uncle and co-author of this book, his perspective is also important since he does not live in the house with the family. His perspective is so different

from what the family did on a daily basis. Being the reader, I could see how he was needed to help edit the book so that all the things that were important got put into the book so that the reader could see what it is like to have a child that does not speak. The [learning](#) process the family went through to see that not all children are the same. To find out that in Lynn's case her native language is...

... middle of paper ...

... Interpreters there to help also. The people who should read this book are families that have been identified to have [deafness](#). This is a helpful resource for them to be able to see that things have changed and help is available. Most of all I think that everyone should read this book, and be able to see what the deaf community is about. So they do not judge them because they are different. Society tells us all that we have to be the same, look the same, sound the same, and do all the same things, no one can be different or they are looked down on. This book says that it is okay to be different. I really think that this book put all these things into a different perspective for me and will for other families that might come across this situation themselves.
