Our modern day society has been recurrently challenged on many topics that have been deemed as “moralistically impacting.” It is accepted today that a problem cannot be solved in modern day society unless adequate proof is offered to manipulate the stalwart beliefs of many individuals in a way as to reach an impasse amongst two opposing parties. Euthanasia happens to be a topic that has been debated extensively for the larger part of the twenty-first century (Larue). Even the definition of euthanasia evokes mixed emotions: the act or practice of killing or permitting the death of hopelessly sick or injured individuals in a relatively painless way for reasons of mercy (Merriam-Webster). The struggle over whether euthanasia should be accepted as a common practice is majorly stimulated by multiple cultures that tend to consider how many of their viewpoints come into question when determining where they stand on the issue (Larue). Either way, both parties cannot argue with the obvious actuality that an individual that adopts the option of “opting out” dies indefinitely. The burden and conviction associated with taking one’s life is often too much for an individual to take. Under closer observation, euthanasia has three main issues that cause it to be more detrimental than beneficial. Problems with euthanasia include its violation of ethics, its disagreement with the law system, and the moralistic and religious values that conflict with its practice (Larue). Many of the principles associated with euthanasia conflict with ethical beliefs of our modern day society. Three big questions

come to mind when discussing the ethical issues of euthanasia. The first question is "Is it ever right to end the life of an ill person who is experie..... middle of papereficial effects. In the end, only one question remains for the individual to answer: Is it truly worth the risk?Works Cited"Arguments Against Euthanasia", 29 November 2011"Ethical Problems of Euthanasia", BBC, January 2011, , 29 November 2011"Ethics of Euthanasia- Introduction", BBC, January 2011, , 29 November 2011"Euthanasia", Merriam- Webster Dictionary, 29 November 2011Holy Bible, King James Version, Romans 13:9Larue, Gerald, "Euthanasia: A Global Issue", January 2011, < www.humanismtoday.org/vol13/larue.HTML>, 29 November 2011Pollard, Bryan, "The Impact of Euthanasia on Families", January 2000, < Www.lifeissues.net/writers/pol/pol_01euthimpactfamily.HTML>, 29 November 2011
