

website evaluation Essay

The screenshot shows the EssayPro website homepage. At the top left is the EssayPro logo and navigation links: "How To Order", "Reviews", "About Us", and "Write My Essay". At the top right are links for "DBA: EPRO", "Log In", and a blue "Sign Up" button. The main banner features a student sleeping at a desk with the text: "WRITING SERVICE AT YOUR CONVENIENCE", "You - Send us your homework", "We - Do it all for you", and "Grab your original paper for just \$10 per page with a free plagiarism report included". A blue "Write My Essay!" button is present. A "Calculate the price" calculator is overlaid on the right, showing options for "Writing", "Rewriting", and "Editing", with "Writing" selected. It also shows "Essay (any type)", "College", "2 weeks", "1 page / 275 words", "Double spaces" (selected), and "Single spaces", resulting in a price of "\$11.4" with a flame icon and a "Write My Paper" button. Below the banner, three review sections are shown: "EssayPro Reviews" with a 4.9 rating, "ResellerRatings" with a 4.9 rating, and "Sitejabber" with a 4.8 rating. At the bottom, a link is provided: "LINK => <http://787787.com/writing-service?410932084>".

Website Evaluation www.apple.com.my The purpose of website evaluation is to identify the quality and accuracy of the information found on the web. User rarely to evaluate the information found on the website. What are they want is only the information that they are searching for and if they cannot find the information, they simply jump to another website without evaluate it first. There are several criteria used to evaluate the quality of the website. The user must take time to evaluate the accuracy of the information because not all the information published on websites is true and reliable, so the users need to be smart in evaluating the content of the websites. In this report, the website of Apple Malaysia has been chosen to be evaluated. Figure 1 Figure 1 shows the main page of the website. As we can see here, the content is well organized. Although the purpose of this website is not clearly stated, but user will know that the website contains information about the products of Apple. As the website is developed for business purpose, it provides services for the user such as online purchase and other technical support. In terms of accuracy, all the information in the website is reliable and accurate. This is because the website is listed in the main website of Apple and the URL is verified. Other than that, the information in the website can be browsed by clicking the button that are clearly labeled and well organized. The buttons on the top of the website will assist the user to navigate the whole content in the website. Next, design is an important consideration. Website can

provide the user with useful information but if the design and layout of the website is not attractive, it is useless. The graphic design plays an important role in attracting user to navigate the website. As for the website of Apple Malaysia, the design is simple yet
