

Growing Up With a Personal Computer

The screenshot shows the EssayPro website homepage. At the top, the logo 'ESSAYPRO' is on the left, and navigation links 'How To Order', 'Reviews', 'About Us', and 'Write My Essay' are in the center. On the right, there are links for 'DBA: EPRO', 'Log In', and a blue 'Sign Up' button. The main banner features a student sleeping at a desk with a cup of pens. Text on the banner includes 'WRITING SERVICE AT YOUR CONVENIENCE', 'You - Send us your homework We - Do it all for you', and 'Grab your original paper for just \$10 per page with a free plagiarism report included'. A 'Write My Essay!' button is present. A 'Calculate the price' widget is overlaid on the right, showing options for 'Writing', 'Rewriting', and 'Editing', a dropdown for 'Essay (any type)', 'College', and '2 weeks', a word count of '1 page / 275 words', and radio buttons for 'Double spaces' (selected) and 'Single spaces'. The price is '\$11.4' with a flame icon, and a 'Write My Paper' button is at the bottom. Below the banner, three review sections are shown: 'EssayPro Reviews' with a 4.9 rating, 'ResellerRatings' with a 4.9 rating, and 'Sitejabber' with a 4.8 rating.

In this new age of technology and information, it is adapt or die in relation to owning a personal home computer. Growing up with a personal computer is nearly required of children in this modern generation to succeed; and its need will only widen in the future to come. The possible risks related to children, using personal computers, are preventable and far overshadowed by the potential for education and general benefits of owning a personal computer now and in the future. This is why the use of personal computers in the classroom and in the home is dramatically increasing as society develops into this age of technological advancement. As time goes on; children who do not own a personal computer will only be put further and further behind children who have the privilege of owning one. This is why it is urgent that parents who are considering whether or not to provide their children a personal computer are encouraged to do so despite the few possible risks. It is also imperative that schools keep up with the times by updating their in class technology, along with the courses they provide and the means to which they provide them. The world is changing and parents and teachers alike have an obligation to make sure that children are ready when the time comes for their generation to make an impact in this world. Personal computers are not just toys; they are the largest resource of information known to man provided at the users' fingertips! Even computer based gaming has a tremendous potential for practical and highly effective educational purposes. In its

2013 season, ID Tech Camps planned to add three new courses based around the Minecraft platform along with numerous other games; providing another tool for learning and preparation..... middle of paperperspective from around the globe is a gift that is priceless enough on its own.
