Plagiarism, what is it and how to avoid it has been a major question on every students' mind. Sure it is easy just to copy and paste and take all the credit for the work that another individual put in, but is it worth it? According to WPA, Writing Program Administrators, the definition of plagiarism as states, "[plagiarism](#) occurs when a writer deliberately uses someone else's language, ideas, or other original (not common-knowledge) material without acknowledging its source." Plagiarism has always concerned teachers and administrators, who want students' work to represent their own efforts and to reflect the outcomes of their learning. However, with the advent of the Internet and easy access to almost limitless written material on every conceivable topic, suspicion of student plagiarism has begun to affect teachers at all levels, at times diverting them from the work of developing students' writing, reading, and critical thinking abilities. Students who are fully aware that their actions constitute plagiarism—for example, copying published information into a paper without sour...
